Grace Community Church

July 26th, 2026

“When Christ Is Your Life” Colossians 3:1-4

Presented by Doug Ferrell

1. What truth from Colossians 3:1-4 or Sunday's sermon stood out to you most, and why?
2. What does it mean to be "raised with Christ," and how should that truth shape the way we think about our struggles with sin?
3. Paul tells us to seek the things above and set our minds on things above. What tends to shape your thinking most during a typical week?
4. The sermon asked, "What are you really after?" What are some things that compete with Christ for your attention, affection, or trust?
5. How does knowing that your life is "hidden with Christ in God" encourage you in the challenges, pressures, or responsibilities you are facing right now?
6. Where do you see the pull of earthly mindedness most in your own life right now, and what would it look like to bring that area under the rule of Christ?
7. How should the promise that Christ will appear again shape the way we live this week?
